

CALL FOR PAPERS

ICCEIV 2021
Feb 08-09, 2021
Amsterdam, The Netherlands

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCEIV 2021 : International Conference on Computer Engineering and Information Visualisation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Computer Engineering and Information Visualisation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Electronics engineering
3D semiconductor device technology
Computer animation, information
visualisation and digital effects
Adaptive signal processing
Advanced electromagnetics
Computer network and architecture
Software engineering
Mobile computing
Mobile robotics
Artificial intelligence

Component technology of mems
Computer aided geometric design and
graphics
Computer engineering
Algorithms
Automated software engineering
Computer aided design
Computer architecture
Computer modelling
Data encryption
