

CALL FOR PAPERS

ICCRRTL 2021
Feb 08-09, 2021
Amsterdam, The Netherlands

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCRRTL 2021 : International Conference on Cognitive Representations, Representational Theories and Language is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Cognitive Representations, Representational Theories and Language. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Mental representation
Cognitive representation
Fundamental aspects of cognitive representation
Representational theories of mind
Strong and weak representation
Restricted and unrestricted representation
Problems for the unrestricted version
