

CALL FOR PAPERS

ICFAE 2021
Feb 08-09, 2021
Amsterdam, The Netherlands

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFAE 2021 : International Conference on Food and Agricultural Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Food and Agricultural Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Food and Agricultural Engineering
Animal Production Technology
Energy, biomass and biological
residues
Ergonomics, Safety and Health
Information Technology, Automation
and Precision Farming
Post Harvest, Food and Process
Engineering
Power and Machinery
Rural Development

Structures and Environmental
Technologies
Soil and Water Engineering
Agricultural and Food Engineering
Advances in Food Processing and
Packaging Technologies
Production of Health-Promoting
Foods
Food Safety and Quality
Food Engineering and Biotechnology
