**Feb 08-09, 2021**  
**Amsterdam, The Netherlands**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHCB 2021 : International Conference on Heating and Cooling in Buildings is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Heating and Cooling in Buildings. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Heating system modelling  
Air conditioning modelling  
Building energy modelling  
Ventilation modelling  
Thermal comfort

Comfort control  
Adaptive comfort  
Weather data for building  
simulation  
Low carbon design  
Low carbon building
