

# CALL FOR PAPERS

**ICHRESS 2021**  
**Feb 08-09, 2021**  
**Amsterdam, The Netherlands**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHRESS 2021 : International Conference on Hybrid Rechargeable Energy Storage Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Hybrid Rechargeable Energy Storage Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Rechargeable Energy Storage Systems  
Rechargeable Energy Storage System Charging  
Rechargeable Battery Energy Storage System Design  
Emerging Nanotechnologies in Rechargeable Energy Storage Systems  
Rechargeable Energy Storage Systems for Plug-in Hybrid Electric Vehicles  
Electrolytes for Li- and Na-Ion Batteries  
Nanotechnology for Anode Materials in Batteries  
Nanotechnology for Cathode Materials in Batteries

Nanotechnology in Electrochemical Capacitors  
Characterization of Nanomaterials for Energy Storage  
Electrochemical-Thermal Characterization and Thermal Modeling for Batteries  
Life Cycle Assessment of Nanotechnology in Batteries for Electric Vehicles  
Application of the Energy Storage Systems  
Characterization of Storage Cells and Devices, Parameters, and Features  
Storage Cells, Modules, and Systems
