

# CALL FOR PAPERS

**ICII 2021**  
**Feb 08-09, 2021**  
**Amsterdam, The Netherlands**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICII 2021 : International Conference on Immunogenicity and Immunotoxicity is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Immunogenicity and Immunotoxicity. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Immunogenicity and Immunotoxicity  
Biosimilar Development  
Clinical Relevance and Assessment  
of Immunogenicity  
Computational Methods for  
Immunogenicity Evaluation  
Immunogenicity Assessment for  
Biosimilars  
Immunogenicity Assessment for  
Peptide Therapeutics

Immunotoxicity and Drug  
Hypersensitivity  
Immunotoxicity Evaluation of Novel  
Drug Candidates  
Immunotoxicity Evaluation  
Strategies  
Mitigation of  
Immunogenicity-related Risks  
Protein Aggregation, Biological  
Activity and Immunogenicity  
Therapeutic Protein Immunogenicity  
and Immunotoxicity Evaluation
