

CALL FOR PAPERS

ICITI 2021
Feb 08-09, 2021
Amsterdam, The Netherlands

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICITI 2021 : International Conference on Immunological Techniques and Immunogenetics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Immunological Techniques and Immunogenetics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Immunological techniques
Immune regulation
Immunological aspects of infection
Immunological aspects of skin diseases
Immunological aspects of allergy and anaphylaxis
Immunology of HIV infections
Immunological aspects of cardiac diseases
Immunological aspects of renal diseases
Immune-mediated neurological syndromes
Immunological aspects of endocrine diseases
Immunogenetics
Molecular oncology and immunology
Innate immune system

Immunopathogenesis
Immunomicrobiology
Immunoglobulins
Immunoglycomics
Immunoproteomics
Immunoprophylaxis
Molecular vaccines
Antibody engineering
Cancer vaccines
Cancer stem cell therapy
Drug therapies
Cancer immunotherapy
T-cell immunology
