

CALL FOR PAPERS

ICLCRM 2021
Feb 08-09, 2021
Amsterdam, The Netherlands

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICLCRM 2021 : International Conference on Lifestyle and Cancer Risk Management is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Lifestyle and Cancer Risk Management. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Physiological stress and stress factors
Environmental factors:
Pollution
Cell phone
Licit and illicit drugs
Prolonged exposure to UV rays and feeding

Diseases:
Obesity
HPV infection
Chronic gastroesophageal reflux
Infection of hepatitis C and B
