

CALL FOR PAPERS

ICLS 2021
Feb 08-09, 2021
Amsterdam, The Netherlands

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICLS 2021 : International Conference on Light Science is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Light Science. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Astronomy and light

Create awareness, share and gain knowledge in light sciences

Develop advanced research and technology in Namibia in light sciences

Educate rural dwellers to use solar applications

Lasers and applications

Modern light sources

Optical fibers and applications

Solar applications and solar power production
