

CALL FOR PAPERS

ICMCES 2021
Feb 08-09, 2021
Amsterdam, The Netherlands

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMCES 2021 : International Conference on Model Coupling and Energy Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Model Coupling and Energy Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Model coupling and energy systems
Coupled energy system
Economic models and strategic
planning
Modeling of energy systems or
energy markets
Energy supply

Greenhouse gas reduction strategies
Energy infrastructures
Energy sector
End use sectors
