

CALL FOR PAPERS

ICMPM 2021
Feb 08-09, 2021
Amsterdam, The Netherlands

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMPM 2021 : International Conference on Mining and Polymetric Materials is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Mining and Polymetric Materials. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Metallurgical Fundamentals and
Techniques
Mineral Processing
Mining and Safety
High Strength Alloys
Instrumentation and Control
Magnetic Materials
Materials Physics
Materials Processing and Handling
Metal Processing
Mining Fundamentals and Techniques

Nanotechnology, Mining,
Metallurgical and Material
Engineering
New Materials and Performances
Optical Material
Phase Diagram
Polymetric Materials
Semiconductors
Smart Materials
Solidification
Surface Phenomena
