

CALL FOR PAPERS

ICNPREFC 2021
Feb 08-09, 2021
Amsterdam, The Netherlands

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNPREFC 2021 : International Conference on Natural Plant Regeneration Ecology and Forest Conservation is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Natural Plant Regeneration Ecology and Forest Conservation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Natural plant regeneration ecology
Ecological process for forest
ecosystems
Natural plant regeneration
strategies
Disturbance and plant interactions
Effects of natural and
human-assisted regeneration on
landscape
Flowering
Fruiting
Herbivory

Plant demography
Pollination
Recruitment
Seed dispersal
Seed germination
Seed predation
Forest conservation planning
