

CALL FOR PAPERS

ICOWF 2021
Feb 08-09, 2021
Amsterdam, The Netherlands

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICOWF 2021 : International Conference on Offshore Wind Farms is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Offshore Wind Farms. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Offshore wind farms
Offshore wind technology
Marine energy
Wind resource
Wind turbine generators
Electrical connection

Numerical models
Physical models
Development, design and
construction
Operation and maintenance
Environmental impact of offshore
wind resources
