

# CALL FOR PAPERS

**ICPAMB 2021**  
**Feb 08-09, 2021**  
**Amsterdam, The Netherlands**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPAMB 2021 : International Conference on Plant Anatomy and Molecular Botany is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Plant Anatomy and Molecular Botany. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Agricultural sciences  
Botanical sciences  
Plant taxonomy and ecology  
Photochemistry  
Plant genetics and resources  
Molecular botany  
Plant anatomy and morphology  
Plant breeding and protection  
Crop breeding and genetics  
Spices, herbs and medicinal plants  
Plant biochemistry and physiology  
Crop protection and management  
Agronomy and soil sciences

Tissue culture and plant  
biotechnology  
Agricultural engineering and  
technology  
Agricultural economics and  
agribusiness  
Horticulture, floriculture and  
forestry  
Sustainable practices for  
agriculture  
Agricultural risk management  
Agricultural extension  
Agricultural biotechnology  
Agricultural extension and  
sustaining practices  
Agriculture, forestry utilization  
and potential applications  
Agriculture law and policy  
Agronomy  
Crop protection and awareness
