

CALL FOR PAPERS

ICPSE 2021
Feb 08-09, 2021
Amsterdam, The Netherlands

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPSE 2021 : International Conference on Physical Science and Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Physical Science and Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Physics , chemistry and technology
Neural science and technology
Nuclear and particle physics
Geology and geophysics
Physics in medicine and biology
Medical physics and and imaging
technology
Photonics, Optics and Lasers
Plasma and High Energy Density
Physics
Semiconductor science and
technology

Wireless and optical
communications
Materials science and technology
Energy, fuels and the environment
Ecological science and technology
Environmental science and
technology
Molecular physics and quantum
chemistry
Metallurgical science and
technology
Crystallography and biocomputing
Computer modeling and simulation
