

# CALL FOR PAPERS

**ICSAESA 2021**  
**Feb 08-09, 2021**  
**Amsterdam, The Netherlands**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSAESA 2021 : International Conference on Sentiment Analysis and Emotional Speech Algorithms is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Sentiment Analysis and Emotional Speech Algorithms. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Sentiment analysis in affective computing  
Emotion detection and recognition from text  
Methods in sentiment analysis  
Emotion textual analysis  
Emotional speech algorithms and databases

Applications of sentiment analysis  
Sentiment analysis algorithms  
Sentiment analysis and opinion mining  
Lexicon-based methods for sentiment analysis  
Deep learning for sentiment analysis
