

# CALL FOR PAPERS

**ICSHWEC 2021**  
**Feb 08-09, 2021**  
**Amsterdam, The Netherlands**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSHWEC 2021 : International Conference on Sustainability, Human Welfare and Ecosystem Conservation is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Sustainability, Human Welfare and Ecosystem Conservation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Ecosystem health  
Environmental change and ecosystem conditions  
Simulation and modeling of ecosystem changes  
Resilience and restoration of degraded ecosystems  
Policy simulation and options  
Ecological development  
Synthetic ecology  
Bioengineering  
Restoration ecology  
Ecology conservation  
Ecosystem rehabilitation

Stream and river restoration  
Reclamation ecology  
Non-renewable resource conservation  
Air quality and atmospheric pollution  
Aquaculture  
Conservation  
Ecosystems and ecology  
Ecosystems management  
Environmental economics - sustainable services and systems  
Environmental health
