

CALL FOR PAPERS

ICAMEE 2021
Feb 04-05, 2021
Bangkok, Thailand

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAMEE 2021 : International Conference on Automation, Mechanical and Electrical Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Automation, Mechanical and Electrical Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Automation and Control Engineering
Automatic Control Systems
Control Theory and Control
Engineering
Detection Technology and Automatic
