

CALL FOR PAPERS

ICWTTM 2021
Feb 04-05, 2021
Bangkok, Thailand

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICWTTM 2021 : International Conference on Wildlife Tracking and Traditional Methods is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Wildlife Tracking and Traditional Methods. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

- Wildlife tracking technology
- GPS wildlife tracking
- Collar attachment
- Harness attachment
- Direct attachment
- Other attachment methods
- Embedded software
- Analytical software
- Data retrieval
- Wildlife control technology
- Emerging technologies to fight wildlife crime
- Application of spatial technologies in wildlife biology

- Monitoring and recording networks
- Traditional wildlife monitoring schemes
- New networks for monitoring wildlife
- Traditional methods
- Genetic markers
- Weather radar
- Airfield surveillance radar
- Marine radar
- Imaging technologies
- Thermal infrared imaging
- High-definition aerial photography
- Satellite imagery
