

# CALL FOR PAPERS

**ICHTA 2021**  
**Feb 11-12, 2021**  
**Barcelona, Spain**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHTA 2021 : International Conference on High-Tech Architecture is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of High-Tech Architecture. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

High-tech architecture  
High-tech buildings and structures  
Structural expressionism  
High-tech modernism

Aims and characteristics of  
high-tech architecture  
Hi-tech architecture and pioneering  
architects  
Function and representation  
Space and flexibility
