**Feb 11-12, 2021**  
**Barcelona, Spain**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNCRS 2021 : International Conference on Nuclear Chemistry and Radiation Science is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Nuclear Chemistry and Radiation Science. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Nuclear chemistry: an introduction  
Radiochemistry  
Radiology  
Nuclear physics  
Radiation chemistry  
Radioactivity  
Nuclear engineering  
Nuclear power

Radiobiology  
Nuclear medicine  
Radiopharmacology  
Radiation monitoring  
Nuclear safety and security  
Nuclear chain reactions  
Nuclear fusion and fission  
Nuclear fuel cycle
