

# CALL FOR PAPERS

**ICOLT 2021**  
**Feb 11-12, 2021**  
**Barcelona, Spain**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICOLT 2021 : International Conference on Optics and Laser Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Optics and Laser Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Laser technology  
Laser and its applications  
Fiber optics sensor and fiber lasers  
Quantum optics and quantum information  
Ultrafast optics and strong-field physics  
Nonlinear optics  
Optics  
Laser methods in chemistry, biology, and medicine

Nanomaterials  
Laser interaction with matter  
Solar light and applications  
Photonics and nanophotonics  
Bio-photonics  
LIBS  
Synchrotron light source  
Electromagnetic wave
