

CALL FOR PAPERS

ICABT 2021
Feb 18-19, 2021
Jeddah, Saudi Arabia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICABT 2021 : International Conference on Advances in Battlespace Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Battlespace Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Battlespace technology
Military science and technology
Battlespace communications systems
Military sensor technologies
Radar and electronic warfare systems
Networked systems
Defense modelling and simulation
Battlespace manoeuvre
Mobility

Precision attack
Lethality
Survivability
Information manoeuvre
Communications infrastructure
Sensor systems
Network infrastructure
Cyber and electromagnetic activities
Defense acquisition and project management
