

CALL FOR PAPERS

ICARE 2021
Feb 18-19, 2021
Jeddah, Saudi Arabia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICARE 2021 : International Conference on Applications of Rangeland Ecology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Applications of Rangeland Ecology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Rangeland ecology
Grasses and grassland ecology
Rangeland plants, animals and their environment
Invasive species management
Watershed management
Research and development
Natural resources and rangeland ecology

Rangelands wildlife, fish and rare plants
Water quality
Rangeland management strategies
Ecosystems dynamics and the new paradigms
Characteristics of non-equilibrial systems
Complex ecological systems
