

CALL FOR PAPERS

ICDP 2021
Feb 18-19, 2021
Jeddah, Saudi Arabia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDP 2021 : International Conference on Digital Pedagogy is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Digital Pedagogy. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Digital pedagogy
Digital technologies in teaching and learning
Online, hybrid and face-to-face learning environments
Open educational resources
Interactive learning technologies
Critical digital pedagogy
The emergence of digital pedagogy
Pedagogy in education 3.0
Pedagogies of e-learning
Pedagogy in online education
Principles for e-pedagogy

E-learning theories, frameworks and models
Web-based e-pedagogy
E-collaborative learning technologies
E-pedagogy for teachers
Digital pedagogy and networked learning
Digital strategy for schools
Digital information and communication technologies in education
