

CALL FOR PAPERS

ICFTRPPL 2021
Feb 18-19, 2021
Jeddah, Saudi Arabia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFTRPPL 2021 : International Conference on Fine-Tune Regulation of Phenylpropanoids in Plants and Lignins is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Fine-Tune Regulation of Phenylpropanoids in Plants and Lignins. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Stilbenes
Lignins
Flavonoids
Computational modeling
Accumulation kinetics
Transcriptional regulation

Cell cultures
Data integration
Transcriptomics
Epigenetics
Metabolomics
Genetic modification
