

CALL FOR PAPERS

ICNB 2021
Feb 18-19, 2021
Jeddah, Saudi Arabia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNB 2021 : International Conference on Nanotools for Bioengineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Nanotools for Bioengineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Nanotools for bioengineering
Molecular and nanoscopic tools for characterizing and engineering the intracellular environment
Quantum dot technologies
Labeling technologies
Intracellular rheology

Optical traps
Single molecule force measurements
Biocatalysis, organocatalysis and nanobiotechnology
Bio-MEMS and microbioreactors
Medical and biological devices
