

CALL FOR PAPERS

ICRAMCA 2021
Feb 18-19, 2021
Jeddah, Saudi Arabia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICRAMCA 2021 : International Conference on Recent Advances in Mathematical Chemistry and Applications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Recent Advances in Mathematical Chemistry and Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Mathematical chemistry
Theoretical and computational
chemistry
Philosophical aspects of
mathematical chemistry
Applied analysis and mathematical
modeling
Chemoinformatics

Discrete mathematics
Graph theory
Statistics
Chemometrics
Molecular descriptors
