

CALL FOR PAPERS

ICAAA 2021
Feb 11-12, 2021
Kuala Lumpur, Malaysia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAAA 2021 : International Conference on Aerospace: Aeronautics and Astronautics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Aerospace: Aeronautics and Astronautics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Aeronautics

Aerodynamics, laminarity
Materials and Structures
Propulsion, including emissions reduction
Aircraft Noise reduction - External Noise and Internal noise
New aircraft configurations
Electric and hybrid aircraft
On board energy management
Alternative fuels and power sources
Ecodesign and green life cycle
Urban air mobility and its impact on the environment
Autonomous Aircraft and its impact on environment
Green and safe systems and operations

Evaluation of environmental impact
Research infrastructures for greener and safer aviation
Space
Materials and Advanced Manufacturing for Space Applications
Aero-thermo-dynamics
Clean Space, Space Debris
Environmental Control and Life Support in Space
Guidance, Navigation and Control
Structures, Thermal and Mechanisms
Mission Design and Space Systems
Software and Avionics
Optics, Optoelectronics and Photonics
