

CALL FOR PAPERS

ICADTFU 2021
Feb 11-12, 2021
Kuala Lumpur, Malaysia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICADTFU 2021 : International Conference on Agricultural Drone Technology and Future Use is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Agricultural Drone Technology and Future Use. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Agricultural drone technology
Agricultural drones and current use
Data-driven farming
Crop growth monitoring
Crop nutrient monitoring
Yield and biomass analysis
Evapotranspiration and soil moisture

Mapping software for agricultural drone
Legality
Security aspects
Ethical and social implications
Future use of agricultural drone technology
Applications of agricultural drone technology
