

# CALL FOR PAPERS

**ICAEA 2021**  
**Feb 11-12, 2021**  
**Kuala Lumpur, Malaysia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAEA 2021 : International Conference on Aeromechanical Engineering and Applications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Aeromechanical Engineering and Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Aeromechanical engineering  
Aerospace engineering  
Aerodynamics, aircraft motion and atmosphere  
Aerodynamics of wings and aircraft  
Flight and spaceflight mechanics  
Aeropropulsion systems

Gas dynamics  
Computational fluid dynamics  
Materials for aerospace applications  
Aeroelasticity  
Lightweight structures
