

CALL FOR PAPERS

ICAEA 2021
Feb 11-12, 2021
Kuala Lumpur, Malaysia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAEA 2021 : International Conference on Aeromechanical Engineering and Applications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Aeromechanical Engineering and Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Aeromechanical engineering
Aerospace engineering
Aerodynamics, aircraft motion and atmosphere
Aerodynamics of wings and aircraft
Flight and spaceflight mechanics
Aeropropulsion systems

Gas dynamics
Computational fluid dynamics
Materials for aerospace applications
Aeroelasticity
Lightweight structures
