

CALL FOR PAPERS

ICAHRT 2021
Feb 11-12, 2021
Kuala Lumpur, Malaysia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAHRT 2021 : International Conference on Advances in Hybrid Rocket Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Hybrid Rocket Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Hybrid rocket technology
Hybrid rocket modeling and
analysis
Fuel regression rate enhancement
methods
Combustion instability

Motor internal ballistics
Numerical fluid-dynamic
simulations
Oxidizer injection techniques
Nonstandard solid fuel grain
configurations
