

CALL FOR PAPERS

ICAMAE 2021
Feb 11-12, 2021
Kuala Lumpur, Malaysia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAMAE 2021 : International Conference on Advanced Mechanical and Aeronautical Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advanced Mechanical and Aeronautical Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Mechanical Dynamics and Vibration
Mechanical Strength
Mechanical Friction, Wear and Lubrication
Mechanical Design
Rolling
Casting Technology and Equipment
Welding Technology and Equipment
Plastic Processing Technology and Equipment
Heat treatment technology and Equipment
Cutting Technology and Equipment
Special Processing Technology and Equipment
The Machine Assembly Process
Non-metallic Processing

CNC Technology and Numerical Control Machines
Fluid Power Transmission and Control
Robot Technology
Computer Aided Manufacturing
Instrumentation
Power Mechanical Engineering
Vehicle Engineering
Chemical Machinery and Equipment
Mining Machinery Engineering
Metallurgical Machinery and Automation
Construction Machinery and Equipment
Aircraft Structure and Design
Spacecraft Structure and Design
