

CALL FOR PAPERS

ICBCS 2021
Feb 11-12, 2021
Kuala Lumpur, Malaysia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBCS 2021 : International Conference on Bioenergy Conversion Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Bioenergy Conversion Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Bioenergy conversion
Biological conversion
Combustion and co-firing
Gasification and pyrolysis
Chemical conversion from
oil-bearing crops
Thermal conversion
Thermochemical conversion

Biochemical conversion
Chemical conversion
Biomass cogeneration technologies
Bioethanol conversion technologies
Biodiesel conversion technologies
Biomass gasification technologies
Biogas conversion technologies
