

CALL FOR PAPERS

ICBPT 2021
Feb 11-12, 2021
Kuala Lumpur, Malaysia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBPT 2021 : International Conference on Biomass Pretreatment Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Biomass Pretreatment Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

| | |
|--|------------------------------------|
| Biomass energy technologies | Combustion safety issues |
| Energy production from biomass | Biomass combustion technologies |
| Biomass conversion technologies | Biomass power generation |
| Biomass and waste-to-energy technologies | technologies |
| Pretreatment of lignocellulosic biomass | Anaerobic digestion |
| Biomass pretreatment technologies | Biomass gasification technologies |
| Wood-fired biomass energy systems | Gasification systems |
| Combustion systems and the steam cycle | Global biomass power market trends |
