

CALL FOR PAPERS

ICCAEDRBD 2021
Feb 11-12, 2021
Kuala Lumpur, Malaysia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCAEDRBD 2021 : International Conference on Computer-Aided Engineering Design and Reliability-Based Design is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Computer-Aided Engineering Design and Reliability-Based Design. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Computer-aided engineering design
e-Design
Geometric and solid modeling
Mechanical assembly
Design parameterization
Product data management
Kinematic and dynamic analyses of mechanical systems
Fatigue and fracture analysis

Failure probability estimate
Reliability-based design
Virtual manufacturing
Rapid prototyping
Product cost estimate
Design decision making
Design optimization
Future trends in all-digital design
