

CALL FOR PAPERS

ICIPCS 2021
Feb 11-12, 2021
Kuala Lumpur, Malaysia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICIPCS 2021 : International Conference on Industrial Pollution and Chemical Safety is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Industrial Pollution and Chemical Safety. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Industrial pollution
Toxic chemicals
Causes of industrial pollution
Sources and effects of industrial pollution
Impacts of industrial pollution on humans and wildlife
Control of industrial pollution
Industrial contaminants and issues of emerging concern
Environmental policy and education
Industrial pollution monitoring and control technology
Human and ecological risk assessment

Industrial water pollution
Gaseous pollutants
Coal-fired power plants
Petro-chemical plants
Nuclear waste
Industrial solid and hazardous waste
Particulate matter in gaseous emissions
Pollution control through efficient combustion technology
Pollution control in industrial processes
Pollution control in transportation
