

CALL FOR PAPERS

ICITS 2021
Feb 11-12, 2021
Kuala Lumpur, Malaysia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICITS 2021 : International Conference on Intelligent Tutoring Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Intelligent Tutoring Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Intelligent tutoring systems
Artificial intelligence and education
Components for intelligent tutoring systems
Adaptive learning in intelligent tutoring systems
Modeling in intelligent tutoring systems
Reinforcement learning
Mobile intelligent tutoring system
Early mechanical systems
Early electronic systems
Microcomputers and intelligent systems
Modern intelligent tutoring system

Structure
Design and development methods
Use in practice
Applications
Education
Corporate training and industry
Effectiveness
Limitations of student control
Learning feedback in intelligent tutoring systems
Machine learning methods for intelligent tutoring systems
