

# CALL FOR PAPERS

**ICLSPLS 2021**  
**Feb 11-12, 2021**  
**Kuala Lumpur, Malaysia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICLSPLS 2021 : International Conference on Light Signaling in Plants and Light Sensing is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Light Signaling in Plants and Light Sensing. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Plant photoreceptors  
Light sensing  
Circadian clock plants  
Photomorphogenesis  
Photosynthesis

Abiotic stress  
Vegetative growth  
Floral transition  
Dormancy
