

CALL FOR PAPERS

ICMAATD 2021
Feb 11-12, 2021
Kuala Lumpur, Malaysia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMAATD 2021 : International Conference on Mechanization, Agricultural Automation and Technology Development is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Mechanization, Agricultural Automation and Technology Development. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Mechanization
Agricultural automation
Technology development and testing
Machine design and evaluations
Precision and digital agriculture
technologies

Irrigation and drainage
Variable rate technologies
Spatial and temporal variability
Smart soil and water management
Smart sensor integration and
control systems on farm machinery
