

# CALL FOR PAPERS

**ICNFMC 2021**  
**Feb 11-12, 2021**  
**Kuala Lumpur, Malaysia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNFMC 2021 : International Conference on Neuromuscular Function and Movement Control is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Neuromuscular Function and Movement Control. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Neuromuscular function and movement control  
Motor control  
Transcranial magnetic stimulation  
Transcranial direct current stimulation  
Plasticity  
Hoffman reflex  
M wave  
Paired associative stimulation  
Electromyography

Electroencephalography  
Balance  
Ageing and motor control  
Concussion  
Spinal cord injury  
Traumatic brain injury  
Exercise induced muscle damage  
Fatigue
