

CALL FOR PAPERS

ICNR 2021
Feb 11-12, 2021
Kuala Lumpur, Malaysia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNR 2021 : International Conference on Neuromuscular Research is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Neuromuscular Research. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Advances in neuromuscular research
Resistance training
Accentuated eccentric training
Variable resistance training

Weightlifting derivatives
Plyometric training
Sport performance
