

# CALL FOR PAPERS

**ICNSEIMI 2021**  
**Feb 11-12, 2021**  
**Kuala Lumpur, Malaysia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNSEIMI 2021 : International Conference on Nutritional Support for Exercise-Induced Muscular Injury is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Nutritional Support for Exercise-Induced Muscular Injury. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Exercise-induced muscular injury  
Exercise-induced injury to skeletal muscle  
Mechanisms of exercise-induced muscle fibre injury  
Structural and mechanical basis of exercise-induced muscle injury  
Exercise-induced muscle damage and adaptation

Muscle damage and repair processes  
Exercise testing and exercise prescription  
Nutritional support for exercise-induced injuries  
Stretches and exercises for prevention and treatment  
Self-care treatment
