

CALL FOR PAPERS

ICPE 2021
Feb 11-12, 2021
Kuala Lumpur, Malaysia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPE 2021 : International Conference on Psychophysics and Experimentation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Psychophysics and Experimentation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Psychophysics
Psychophysics, mathematics and measurement
Experimentation in psychophysics
Classical psychophysical methods
Method of limits
Method of constant stimuli

Method of adjustment
Adaptive psychophysical methods
Timing and dynamics of human performance
Psychophysics of memory
Neural and representational models
Bayesian and maximum-likelihood procedures
