

CALL FOR PAPERS

ICPRR 2021
Feb 11-12, 2021
Kuala Lumpur, Malaysia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPRR 2021 : International Conference on Patient Recruitment and Retention is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Patient Recruitment and Retention. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Patient Recruitment and Retention
Utilizing new Regulatory Provisions
for improved Patient Communication
Patient Centric Design - converting
their needs into demand
Eliminating extra cost and time
consumption through strategic
patient recruitment planning

Practical Insights into Clinical
Trials of Rare Diseases
Patient retention in clinical
studies with a focus on endpoint
driven studies
The importance of Operational
Excellence in clinical trials
Difficulties caused by changes in
the regulatory environment
