

# CALL FOR PAPERS

**ICSBSA 2021**  
**Feb 11-12, 2021**  
**Kuala Lumpur, Malaysia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSBSA 2021 : International Conference on Suspension Bridges and Structural Analysis is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Suspension Bridges and Structural Analysis. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Suspension bridges  
Suspension bridge design  
Chain bridges  
Wire-cable bridges

Structural behavior of suspension  
bridges  
Structural analysis of suspension  
bridges  
Aerodynamic instability of  
suspension bridges  
Mathematical analysis of dynamic  
models of suspension bridges
