

CALL FOR PAPERS

ICSPTS 2021
Feb 11-12, 2021
Kuala Lumpur, Malaysia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSPTS 2021 : International Conference on Sustainable Public Transport Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Sustainable Public Transport Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Sustainable public transport systems
Infrastructure, facilities and vehicles
Energy requirements
Environmental impacts
Sustainable elements
Environmental management systems
Transport and social sustainability
Policies and governance

Recent trends
Road traffic safety
Transportation demand management
Sustainable freight and delivery systems
Vehicle-free city planning
Pedestrian and bicycle friendly design
Carbon neutral fuel
Electric and green vehicles
