

CALL FOR PAPERS

ICVGLP 2021
Feb 11-12, 2021
Kuala Lumpur, Malaysia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICVGLP 2021 : International Conference on Volcanic Geomorphology, Landforms and Processes is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Volcanic Geomorphology, Landforms and Processes. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Volcanic geomorphology
Volcano growth and destruction
Plate tectonics and volcanism
Volcanic landforms, processes and hazards
Volcanic activities and their products

Volcanic architecture, eruption mechanism and landform evolution
Geomorphic consequences of volcanic eruptions
Volcano hazards and preventing volcanic disasters
Volcanology and geothermal research
Earthquakes and volcanoes
