

CALL FOR PAPERS

ICAAICP 2021
Feb 08-09, 2021
Lisbon, Portugal

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAAICP 2021 : International Conference on Advanced Applications of Ion-Containing Polymers is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advanced Applications of Ion-Containing Polymers. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Ion-Containing Polymers
Physical Properties and Structures
of Ion-Containing Polymers
Supermolecular Structure and Glass
Transitions
Viscoelastic Properties of
Homopolymers and Copolymers

Configuration-Dependent Properties
Nanoscale Aggregation in Acid- and
Ion-Containing Polymers
Morphology of Ion-Containing
Polymers
Dielectric and Related Molecular
Processes in Ion Containing
Polymers
